[Docsart – International Art Exhibition at WONCA Europe 2012](#)

[Opening Ceremony – Keynote speaker](#)

Dear colleagues,

we are pleased to send you the second Newsletter for the WONCA Europe Conference 2012 in Vienna. Please be reminded that for oral or poster presentations, workshops, symposia, world cafés, open space and country reports the deadline for abstract submission will be December 15th 2011. Only for very recent original scientific results ("last week results", mainly oral or poster presentations) the deadline for abstract submissions will be March 15th 2012.

As the title "the art and science of GP/FM" suggests, art is playing a prominent role at the congress. Therefore, the organizing committee of the WONCA Europe Conference 2012 is proud to present the invited speakers for the opening ceremony: Mr. Peter Turrini, a famous Austrian author and playwright and Mrs. Elisabeth von Samsonow, a famous artist and Professor of philosophical and historical anthropology of art in Vienna, will present their perspectives. Furthermore, under the title "docsart", all colleagues who are also active artistically are invited to present their artistic work at an international art exhibition organized at the conference site in Vienna.

We are looking forward to your contributions with great interest and very much count on your support. We hope to see you in Vienna 2012!

Sincerely,

Gustav Kamenski

Conference President

ABSTRACT SUBMISSION:

Abstract submission open since July 18th!
Click [here](#) for more information about submission.
Deadline for submission: Dec. 15th 2011

SCIENTIFIC PROGRAMME:
